PHOENIX — Authorities investigating the death of Arizona Wildcats basketball star Deandre Ayton have found cocaine in his system. The Phoenix Police Department says Ayton’s blood tested positive for cocaine on June 11. Ayton was 21 years old at the time. He was taken off life support on June 10 and died hours later. Earlier this month, the Scottsdale Medical Examiner’s Office completed an autopsy. Ayton’s family said they were waiting for the results of

the toxicology report before deciding if they would schedule an autopsy. Ayton's cause of death was a heart attack. He had previously tested positive for marijuana and alcohol while at Arizona. The Phoenix Suns drafted Ayton in the first round of the 2018 NBA draft, taking him No. 7 overall. Follow @KTAR923Q: Ext

Create your own dream team from over 150 of the world's top players. Build the ultimate team from the world's greatest soccer superstars from the past, present and future in FIFA Ultimate Team. FIFA Career Tactic - Use the highly intuitive system that makes FIFA 20 the most skillful game of the year. A new "Instructor" Coach career mode lets you practice drills and tactics with your favorite players so you'll be ready for all the challenges on the pitch. A new "Natural Intelligence" mode takes the workload off you, so you can master every skill with everyone, allowing for the most realistic match gameplay. FIFA Skills - FIFA Skills is the most realistic form of gameplay in the series. Use your TouchPad or Joy-Con to put your football skills to the test - from performing the beautiful flick-it or the scissor kick, to earning a perfect 50 meter pass, everything you can do in the game has been recreated in unbelievable detail, and all with the touch of a button. FIFA Interactive Kit Printing - FUT Interactive Kit Printing lets you digitally design the exact kit you want, and then have it printed on your favorite player at the club store. FIFA 21 Ultimate Team Announced on December 6, 2019, on the Nintendo Switch in the UK, on the Xbox One in North America, and on the PlayStation 4 in Europe. Gameplay The gameplay engine has been retooled entirely, with FIFA 21 drawing on Frostbite™ as the game engine. Re-recorded performances The game once again records the player's running animations, providing an improved and more fluid performance. Players with longer or wider running animations, however, are impacted more heavily than others. Players will also be able to look back on past goals and make modifications, even if they have since been deleted from the player's record. Animation Review In addition to re-recording animations for players, they are also being reviewed to ensure that they are in line with the new animations system. Player Creation In this year's edition, the player creation tool has been revamped to add even more customization options. They are now able to preview their custom player in pre-match and online matches, change statistics and more in the pre-match screen. Players also have the ability to change their stance and raise/lower their game boots. Matchday
