How to Become a Certified Surgical Technician In case you've ever had to go to the emergency room yourself due to an injury or illness, you'll understand why you need to become a certified surgical technician. If you're already a licensed health care provider and are interested in becoming a certified surgical technician, this guide can help you understand the steps involved and what you'll need to do to complete the process. What Is a Certified Surgical Technician? Surgical technicians are licensed health care professionals who perform an array of surgical tasks, such as preparing the surgical space, sterilizing supplies and instruments, assessing a patient's medical history, and changing surgical gowns. The surgical technologist who cares for patients during these crucial moments helps ensure a successful surgery by making sure all the supplies are in place, checking the patients' vital signs and gauges, and ensuring

How to get the boundaries of a legend block? I'm using the code from How to get the boundaries of a
legend block? as a means to draw rectangles. The code works fine, but I need to understand it. I've
modified a few things, mainly the code: Changed the Name attribute to tag Replaced the
left,top,right,bottom with ID's Removed the xmlns Removed the Frame.Paint method, instead of
assigning a rect to the background, I simply assign the background, since I only need it drawn once
So, now, what I'm left with is the following:
