

Why read this business book: The \$100 Startup is one of the best business books for entrepreneurs on a tight budget. Starting a business doesn't need to cost a lot of money which the book reiterates with its case studies. Guillebeau also recommends failing quickly and not investing in projects unless they've proven to be profitable. The book contains a one-page business plan which is meant to promote action. He reiterates the importance of action within his book with quotes such as Plans are only good intentions unless they immediately degenerate into hard work. Readers will also be reminded to also focus on organic growth instead of a dependence on advertising. Why it's a must-read business book: Dropshipping is all the rage right now. And while you may have heard people buzzing about it, you might not know where to start. So where do you start With this ebook! By diving deep into what dropshipping is all about you can get a good grasp to discover if dropshipping is the right business model for you. This is a must-read business book for those just starting out with dropshipping. The strategies in this ebook are beginner-friendly making it easy to follow along with. Chris Guillebeau is the New York Times bestselling author of The \$100 Startup, The Happiness of Pursuit, and other books. Chris travels the world and writes for a small army of remarkable people at ChrisGuillebeau.com. I've just released a special ebook edition of the 100 dollar startup. It's loaded with exactly the kinds of mistakes I've made, so you can get started as fast as possible. The first chapter of the book provides a clear outline of what the whole thing will accomplish for you, so you can skip ahead if you want to.

The 100 Dollar Startup Ebook 17
